Premier Integrity Solutions provides drug testing for the Kentucky Drug Court and Pretrial Services Programs. The method of urine collection is direct observation.

Would you have a problem with observing the urine coming out of the body of a participant of the same sex?

Participants in these programs have been accused or convicted of crimes and many times are no stranger to the court. Would you have any difficulty maintaining a professional relationship with any participant?

Have you had experience working with the public:

If so explain:
